

Description

You can co-mail a CD shrink-wrapped together with our magazines. The price remains the same, regardless of the number of megabytes on the CD. Co-mailing of a CD must be combined with an advert in the same magazine. Reference to the contents of the CD is made in that advert. A CD box can be affixed in the magazine. Such CD products must be designed in consultation with our technical services.

Technical specifications

See technical specifications of co-mailings.

The CD must be packed in a cardboard sleeve of at least 120 x 120 mm.

The DVDs must be packed in a plastic box of max. 190 mm H x 135 mm W x 18 mm thick.

We can also take care of the production of your CDs and/or DVDs.

Note

Co-mailing a USB-stick: only on demand.
